

7 REASONS WHY YOU NEED A GUTTER PROTECTION SYSTEM

- Reduce fire risk to your property from embers
- Eliminate water damage caused to your roof due to blocked gutters
- Reduced risk of ladder falls
- Keep vermin out
- Extend the life of your gutters and save money
- Collect clean rainwater
- Water damage to timber caused by blocked gutters can attract termites and cause wood rot resulting in expensive repairs

GUTTER KNIGHT

Gutter Knight is a locally owned and run business which provides high quality, value for money gutter protection available for residential through to commercial applications. All products are Australian made and pass through many strict Quality Control processes to ensure the highest quality material available.

Founded on old fashioned work ethics and values, you can be assured that no short cuts are ever taken and every small detail is dealt with and accounted for. Your Gutter protection will be installed by an experienced technician who has gone through a strict in-house training program. They will explain to you in plain English all details of what the process is so you know 'exactly' what you are getting.

From start to finish you can expect first class service. The friendly technician will meet you onsite on time and will listen to what you require. They will answer any questions that you may have about the process and will suggest some options and ideas to assist you in making your decision for your individual circumstances. You can be assured you will be offered 'real personalised advice' that is right for you.

Unlike other companies, Gutter Knight not only guarantees its product but also importantly our workmanship. We will clean up the site so well that the only way you will know we have been there is from your leaf free gutters and added value to your home.

PEACE OF MIND GUARANTEE

Tidy & Safe: Your site will be left totally clean and tidy and all our rubbish removed when the job is completed - during work we'll take precautions to make the area 'safe'

After sales: In the event something goes wrong we'll be back within 48hrs to inspect and if repairs are needed these will be completed within 7 days

Warranty Certificate: At the end of the job you will receive a written warranty certificate that covers the product and includes a 20 year workmanship warranty

RESIDENTIAL, COMMERCIAL, INDUSTRIAL, SCHOOLS, CHILD CARE CENTRES

GOOD REASONS TO CHOOSE GUTTER KNIGHT

- **On Time** - We respect your time and we will be on time for any scheduled appointment from the initial meeting through to the start of your job
- **Save you Money** - Deal directly, no middle men. Gutter Knight runs its business extremely lean and these savings are passed directly onto you
- **Professional Advice** - No slick sales talk or high pressure, just honest advice to make sure you get what you need
- **Experienced Installers** - Technicians are all very experienced and highly trained and can handle tricky situations, dealing with Residential through to Commercial
- **Your Protection** - Public liability insurance cover for your protection
- **No Hidden Extras** - Unlike others, your job will be written down step by step in a language you can understand so you are fully aware of what is happening at any stage. This also gives you the security to know that the job will be completed to your expectations
- **Premium Products** - Material is 100% locally owned and manufactured with the strictest of Quality Assurance applied. High grade Aluminium and steel is long lasting and corrosion resilient, we refuse to use cheap imported products
- **Safety** - Safety is a major concern for everyone. We take extra steps to minimise any potential safety hazards and adopt safe work practices
- **No Mess** - After we have finished our work we make sure that we clean up after ourselves, after all it's our mess so why should you have to?

Thanks for the speedy and easy process guys. You did an excellent job and have already passed your details on to my neighbour. Very professional!

Ray
Pimpama

I love the gutter protection on my house. I have no concerns at all when there is a down pour of rain, no matter how torrential! I have recently seen my neighbours up on ladders cleaning out leaf matter and other debris, and confidently smiled knowing that I would never need to do that again. I really cannot emphasise enough how good this is. Not having to get up there myself, or have to pay someone to regularly clean out the gutters is so comforting.

Mark - Gold Coast

Recently at our Townhouse complex we had Gutter Knight install gutter guard. We had received several quotes from various companies some of which were cheaper however I found Gutter Knight to always be professional, reliable and offer a good quality product. They were very knowledgeable on the products and services that they offered and always turned up on time. The quality of the installation of the Gutter Guard was beyond my expectations and better than what competitors were offering. I also appreciated the follow up to ensure I was happy with the finished product. I have no hesitation in recommending Gutter Knight to family and friends wanting a solution for their Gutter Guard needs.

Julian - Body Corporate. Carina

Thank you for your prompt, professional service. My heart would sink when my husband would announce it was gutter cleaning time - so many people end up in hospital with dreadful injuries trying to clean out their gutters. We are amazed at how unobtrusive the guard looks, and is so securely anchored. It's such a relief knowing the gutters are now protected. Your gutter protection system has taken the worry out of experiencing blocked gutters and the associated problems.
