OUR STORY

An Australian company, proudly combining quality and innovation with service the old-fashioned way.

Founded in 2002 by Robert James, The Pool Tile Company began with a simple goal: to offer pool builders and homeowners better product variety, availability, and service. Twenty-three years later, we’ve grown into one of Australia’s leading suppliers in pool and outdoor tile design—trusted for our quality, expertise, and innovation.

Ash Marblano Porcelain and GCR305 White Crystal Pearl Blend 20mm

As a family-owned business, our legacy is built on excellence. With award-winning showrooms across three states and bold, design-driven marketing, we continue to lead the way. Our industry-renowned mosaic collection, along with our extensive range of stone and porcelain tiles, has helped transform over half a million square metres of Australian landscapes in 2024 alone.

Stepping into our showrooms is more than a transaction—it’s an experience. We offer a thoughtfully curated selection of Natural Stone, Porcelain, Mosaics, Wall Cladding and more, all backed by expert advice and personalised service. At The Pool Tile Company, we don’t just sell tiles—we help bring your outdoor vision to life.

TRADE SUPPORT

From pools to patios to full landscaping projects, our curated product collection is designed to impress – and built to perform. We specialise in premium tiles, pavers, walling, and finishes that not only look great but also stand up to the demands of real-world residential and commercial environments.

Our range is trouble-free by design: easy to install, low maintenance, and backed by expert advice to help you avoid delays, callbacks, or on-site issues. Whether you're working on a suburban backyard, high-end home or a large-scale development, we're here to make the selection process smoother and your project outcomes more reliable.

With a focus on dependable service and long-term partnerships, we support tradies, designers, and builders who take pride in their work – just like we do.

Trusted by Australia's pool industry. Real solutions. We listen, advise, and deliver what you need.

Professional support, delivered the old-fashioned way – with unmatched service, respect, reliability, and pride in what we do.

Displays

We offer a curated range of professional display and sample solutions designed to help you showcase our products with confidence – wherever your clients are making decisions.

From compact sample kits to premium displays, our tools are easy to update and ideal for use in showrooms, offices, or even on the back of your ute.

Practical. Professional. Built for the way you work.

Mobile Showrooms

Our fully-stocked Mobile Showroom brings our complete outdoor range directly to your job site or client's home, making tile selection easy, efficient, and stress-free.

It's the perfect professional tool to support your projects, streamline decision-making, and give your clients confidence – all with expert guidance on-site.

Support that adds value – for you and your client.

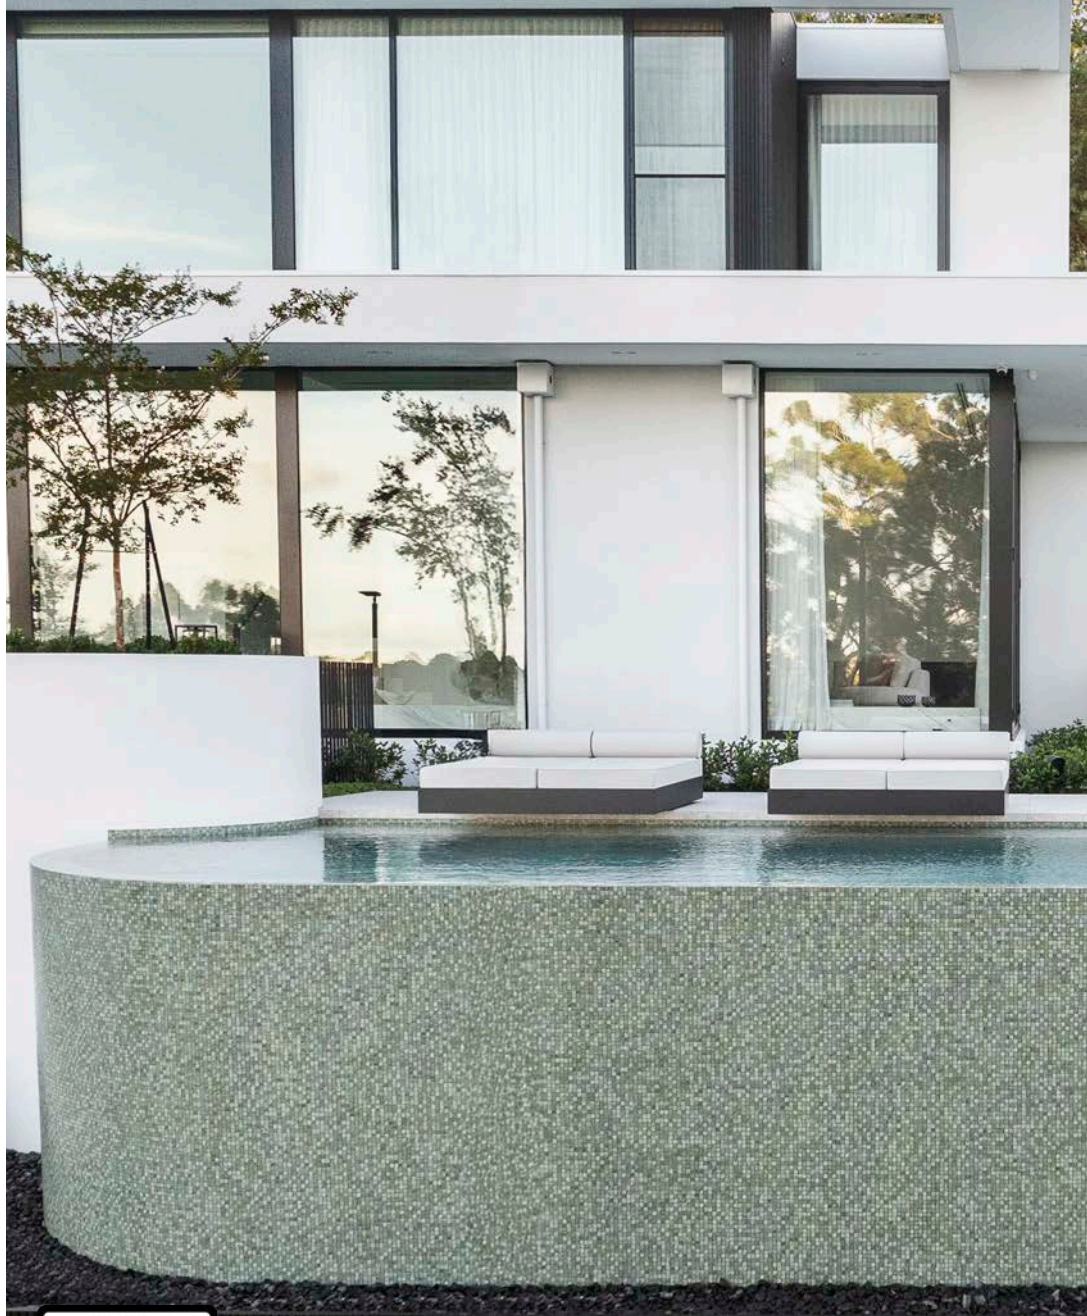

Customer Service

Our trade offering is built on a commitment to good old-fashioned service – the kind you can rely on, project after project. We take pride in building lasting partnerships with trades who share our values and passion.

With expert advice and a team that understands the way you work, we help you deliver results with confidence.

Real people. Real support. Real service.

Ceramic & Glass Mosaic Pool Tiles

Bring vibrant style, comfort, and lasting performance to your pool with our premium Ceramic & Glass mosaic tiles.

Ideal for fully tiled pools, feature walls or elegant waterline accents, they're gentle underfoot, easy to maintain, and resistant to chemicals, saltwater, and UV.

With a wide range of colours, styles, and finishes, our mosaics are a favourite of pool builders nationwide – featured in numerous award-winning pool projects across Australia including SPASA's 2024 Pool of the Year.

MOSAIC TILES

Quality the trade demands. Style homeowners love.

From cool icy tones and deep electric blues, to soft aquas, lush greens, neutral stone-look shades, and pale greys through to rich denim hues, our Aquabella ceramic collection delivers the full spectrum of poolside colour.

Available in gloss, matte, vibrant solids and artistic blends, with a choice of textures and finishes that shimmer and transform under light. Tiles range from 23mm to 95mm, giving you complete design flexibility—from a subtle waterline feature to a fully tiled, premium finish.

Featured in Australia's best pools, the Aquabella range combines beauty, durability and value, making it the perfect choice for your pool project. With Australia's largest selection of ceramic mosaic pool tiles, The Pool Tile Company is the name you can trust.

Our best-selling outdoor porcelain range offers the perfect balance of style, durability, and low maintenance. Ideal for pool surrounds, alfresco areas, patios, and landscaping, each piece features a smart slip-resistant finish for added safety in wet zones.

Designed to capture the colour, texture, and natural variation of stone, the non-porous surface also resists chlorine, saltwater, stains, and fading – keeping your outdoor space looking beautiful for years to come.

Choose from our extensive range:

Porcelain pavers and tiles – for durable, stylish pool surrounds, entertaining areas, patios and pathways

Porcelain pool coping tiles – available in a range of classic and modern profiles

Available in a variety of sizes, finishes, colours, and edge profiles, it's easy to create the perfect outdoor design.

Platinum Travertino GRIPPA®

GRIPPA®10MM

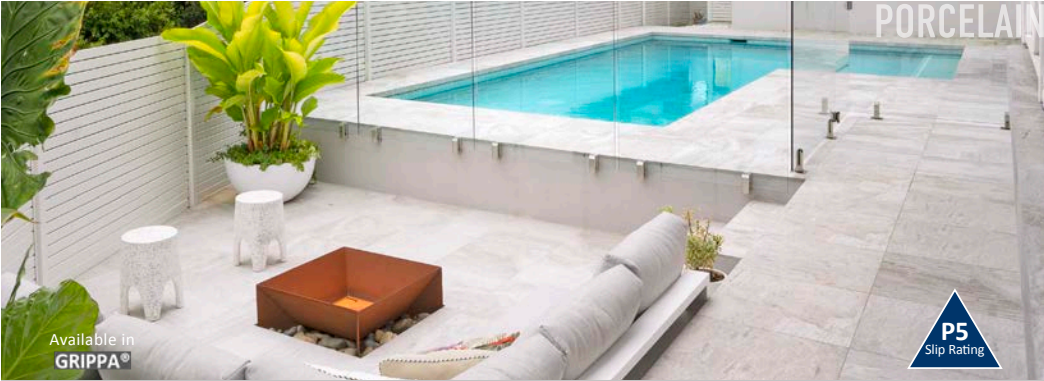

GRIPPA® is a smooth, non-slip finish developed for customers who would like to have 10mm tiles for both internal and external areas and is the ideal solution for tiling an alfresco area.

The GRIPPA® finish is smooth to touch and safe when wet. When dry, it has a slip rating of P2 like any other honed finish tile. The grip finish is activated when wet and it can achieve a minimum rating of P4. Use GRIPPA® tiles in the sunroom and patio, then our 20mm porcelain tiles for your pool area and coping.

GRIPPA® 10mm tiles available in:

- Ash Marblano
- Bianco Marblano
- Calico Travertino

Natural Stone Pool Tiles, Pavers & Coping

Add timeless beauty and long-lasting performance to your pool or outdoor project with our natural stone tiles, pavers, and coping. Perfect for new pool builds, renovations, and landscaping, natural stone brings elegance, durability, and character to every space – just as it has for centuries.

With a timeless, elegant aesthetic that adds value to any property, our tiles are built to withstand harsh Australian conditions while maintaining their beauty.

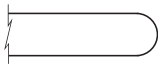

Perfect for pool surrounds, paving, and landscaping, they also feature natural slip resistance for safer wet areas like pool decks and steps.

Travertine

The Pool Tile Company offers beautiful Travertine tiles that are ideal for pool coping and surrounds, patios, outdoor entertainment areas and general landscaping.

Travertine has become a very popular choice in recent years providing a timeless and stylish finish. Some additional features of Travertine tiles are that they are cool underfoot, easy to sweep yet non-slip.

Granite

The Pool Tile Company offer Granite tiles that are ideal for use around pools, houses and on driveways.

Not only do they look fantastic on your property, but also weather well and will stand the test of time.

Our Granite tiles are a great value option, often costing less than concrete pavers. Granite tiles offer a comparatively even look with minor colour variation from piece to piece. They also contain a small amount of mica which causes the surface to sparkle in the sunlight.

Limestone/Marble

Our limestone and marble tile range are ideal for use around pools, houses and on driveways.

With a classic look, durable nature and timeless beauty, marble is highly sought after for the luxurious experience it extends to any space.

Limestone and Marble tiles look fantastic on your property, weather well and will stand the test of time. The Pool Tile Company's limestone and marble tile range is very reasonably priced.

Hidden Skimmer Lids & Landscape Covers

The HIDE Skimmer Lid range elevates landscape design by concealing skimmer boxes, drains and access points. Inlaid with matching materials and supplied with a lifting key, each lid blends seamlessly while allowing safe, easy access.

HIDE kits are supplied empty and inlaid on-site by the pool builder or tiler.

QUAD lids are pre-filled to order with your chosen standard stone or porcelain selection.

Both ranges deliver a durable, chip-resistant solution that installs easily and creates a premium flush finish across pools, patios and outdoor areas.

Cosmos Granito and Carrara Marblano

HIDE Skimmer Lid Kits

Available in 306mm and 342mm square sizes, with depths to suit various tile thicknesses. Each lid can also double as an Access Cover or conceal an auto-fill.

- Inlay tile installed on-site into the HIDE kit
- Fits new or existing pools
- Select your own inlay material to match surrounds
- Seamless, flush finish
- Australian pool safety compliant
- Includes HIDE Safety Key
- 316L Stainless Steel, "No Earthing" Polymer or combination options available.

QUAD Skimmer Lids

Available in 342mm square size, (inlay 336mm) with depths to suit various tile thicknesses. Prefabricated with your selected stone or porcelain to match coping and surrounds.

- Comes with tile fitted ready to install
- Choose your preferred Lid and Recess Frame option
- Seamless, flush finish
- Australian pool safety compliant
- Includes HIDE Safety Key
- Recess Frame available in 316L Stainless Steel or "No Earthing" Polymer option

Drain & Access Covers

HIDE Linear Drains, Access Covers and Drain Covers provide a seamless, flush finish for pedestrian areas. Made from durable 316L Stainless Steel, they are available in a range of sizes and depths to suit your inlay material.

Covers are designed for on-site inlay installation, Australian pool safety compliant, and include HIDE's custom Safety Key. Perfect for patios, surface water areas, and high-flow applications, they combine functionality with a clean, discreet aesthetic.
